

**Are you  
putting  
your  
personal  
assets at  
risk?**

An LLC isn't going to save you personally when your company gets sued. We have witnessed the debates between attorneys and risk management professionals over the years. The truth is: the corporate veil can be pierced and your assets are at risk.

Litigation for Directors & Officers, Employment Practices and Fiduciary Liability have grown substantially in recent years!

One tool Republix uses is an in-depth study of private middle market companies nationwide. Because of the valid statistics and benchmarking data, our clients are informed about the risks they face as owners and officers of a private company. However, like everything else, Republix is also equipped to give you the tools you need to combat these trends. Contact your Risk Manager at Republix today to obtain a complimentary copy of the private company survey. This information just may save your assets.
